UCF ARENA GETS KUDOS FOR SALES, ATTENDANCE

The University of Central Florida's CFE Arena is getting some honors from Venues Today magazine, a source on live events and entertainment.

The arena, which can seat more than 10,000 people, ranked No. 2 in a Florida Top Stops list ranking arenas on ticket sales and attendance from April 1, 2015 to March 31, 2016.

"We're grateful to be recognized by Venues Today for eight consecutive years," said Brian Hixenbaugh, general manager of the CFE Arena with Spectra by Comcast Spectacor, a venues management firm. "This recognition is attributed to the support and enthusiasm we see from the local community for live events. We'll continue to work hard to provide quality entertainment and memorable customer experiences."
