NEDERLANDER, BONNEY FIELD INK EXCLUSIVE DEAL

Nederlander Concerts and Spectra by Comcast Spectacor will exclusively promote, produce and program events at Cal Expo's Bonney Field.

Bonney Field accommodates shows from 4,500 to 12,000 and bills itself as the Golden State's second largest outdoor soccer venue. The entire Cal Expo entertainment complex it is contained within has a max capacity of 24,500 and annually hosts the California State Fair.

"We have enjoyed a long-standing relationship with Spectra as the company also provides corporate partnership support at some of our California properties, and we look forward to working with their stellar team in Sacramento," Nederlander CEO Alex Hodges said in a statement.

Bonney Field was constructed in 2014, cost an estimated \$3 million, and is home to the USL team Sacramento Republic FC and PRO Rugby Sacramento.

Last year the venue hosted Life In Color, City Of Trees Music Festival, and Lindsey Stirling.
